

WATER METER CONNECTORS

TECHNICAL INFORMATION

Max. operating temperature: 180°C

Max. nominal pressure: 10 bar

Brass: CW614N (EN 12164) & CW617N (EN 12165)

Threads: EN ISO 228

FIBER INFORMATION

Uses for oils, fuels, air, water, steam (5 bars), and oxide and alkaline installations

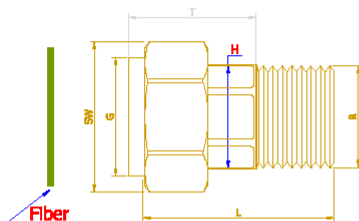

Density 1.7 g/cm³ (according to DIN 3754)

Temperature test max 180 °C

Compression ASTM F36 10%
